

ETF 2012 NDTA-2

Constructed with Nomex® Delta T outershell – a highly durable fabric. This fabric gives excellent tensile and abrasion resistance. Nomex® offers outstanding strength throughout the wear life maintaining their dimensional stability. Even after 200 washes Nomex® retains its appearance and the colour remains stable. The FC finish ensures an excellent oil and water repellence. Nomex® quilted liner offers excellent thermal protection. Must be worn with ETF2018NDTA.
