

ETF20PBI

Eagle Technical Products are world leaders in the design and production of fire protective flash hoods. The Eagle ETF20PBI hood features a PBI® outer fabric and a Kermel® Viscose lining giving the wearer maximum protection. The notched shoulders and longer length neck ensures a proper fit and added protection across the chest. The unique Eagle design balaclava features two totally flat crushed seams for extreme comfort and fit. The longer length assures that this hood will stay tucked inside other required equipment.

Composition:

Outer: PBI® Rib 200gsm

Liner: Kermel® Lenzing 220gsm FR
