

ETF2TKV

Eagle Technical Products are world leaders in design and production of fire protective flash hoods. The Eagle ETF2TKV hood features notched shoulders and full bib which ensures a proper fit and added protection across the chest. The unique Eagle design balaclava features two totally flat crushed seams, extremely comfortable. The front length assures that this hood will stay tucked inside other required equipment.

Composition:

Outer: 220gsm Kermel® Viscose 1:1

Liner: 220gsm Kermel® Viscose 1:1
