

# ETF6NKV

Eagle Technical Products are world leaders in the design and production of fire protective flash hoods. The Eagle ETF6NKV hood features a Kermel® Viscose outer and lining fabric giving the wearer maximum protection. With a full shoulder design to allow the hood to be worn under the fire trouser braces. Offering additional protection across the chest and shoulders for extreme comfort and fit. The unique Eagle design hood features two totally flat crushed seams.

### Composition:

Outer: Kermel® Lenzing 220gsm FR

Liner: Kermel® Lenzing 220gsm FR
